EDUCATION

Sep 2017 – Apr 2019

La Cite Collegiale – Computer Programming
Learned how to design computer applications using different programming languages. I am now able to create, test, install and maintain applications as well as diagnose and correct problems.

PROFESSIONAL EXPERIENCE

May 2023 – Present

Junior Software Developer | Canada Council of the Arts
• Working on and improving the existing ASP.net MVC site
• Collaborated within an Agile environment, adapting to changing requirements and ensuring continuous delivery of working software.
• Implemented RESTful APIs using ASP.NET Web API.
• Proficient in HTML, JavaScript, and Bootstrap for front-end development.
• Worked with SQL Server databases, including writing queries and maintaining data.
• Participated in code reviews

Sep 2021 – May 2023

Junior Software Engineer | FDM Group
• Developed / maintained web applications using C# and ASP.NET.
• Collaborated with senior developers to implement new features.
• Participated in code reviews.
• Improving application stability by resolving critical bugs.
• Contributed to the migration of legacy systems to .NET Core

SKILLS & ABILITIES

- NET Framework/Core
- C #
- ASP.NET
- Visual Studio
- SQL Server
- Agile/Scrum
- Git
- Entity Framework
- LINQ
